Sub	ubtotal Required Course Credits		90															
Sub	total Elective Course Credits	38																
Gra	nd Total	12	8															

Notes:

- (1)The grand total of graduation credits are 128 credits. The credits includes 28 core required course credits (embraced 12 general education credits) and 62 professional required course credits. (2)Students who entered in and since the 2008-09 academic year need to complete at least 12 General Education course credits. General Education courses are divided into three areas: Humanities, Social Science, and Natural Science. Each area is divided into two subcategories: core and extended. Students need to take 1 two-credit course in both of the subcategories within each area to be eligible for graduation. Only 12 course credits will be counted toward graduation. Additional course credits earned in General Education courses are not counted toward graduation.Only 12 course credits will be counted toward graduation. Additional course credits earned in General Education courses are not counted toward graduation.
- (3)Students must complete the "off-campus internship", can the practice, "Planning and Disaster Prevention Practices " Courses.
- (4)In accordance with the General Provisions for Study, undergraduate students need to satisfactorily complete Service Learning, meet the university-wide basic competencies of English, Information Technology, Chinese, and Sports, and pass the core competencies of their department to be eligible for graduation.
- (5)Students should pass basic skill assessments before their graduations, the items and requirements for these assessments are listed as following table: "Urban planning and disaster management professional skills for practice", "Capabilities of project communicating and coordinating", "Professional Certification", "Capabilities of writing a professional report", "Job market competition"
- (6)In the case of retaking required courses of the same course name but in a different department, students must have approval of the department chair.

- (7) The newly added elective courses in this academic year can be applied retroactively to students who entered before 109 academic year.
- (8) The credits of interdisciplinary focused course program are not included in course structure diagram that can be regarded as the other department credits.
- (9) Graduating students and students in the extended study period who did not pass required courses of Physical Education can waive a maximum of two
- (10) required Physical Education courses by passing Comprehensive Physical Education I, Comprehensive Physical Education II. This regulation is applicable for those admitted in and prior to 2023-24 academic year.
